My Wardrobe

This long-sleeved jumper with wide sleeves is one of my favourites. It's incredibly comfortable and it matches perfectly with these loose-fitting trousers. I always choose clothes made from natural fabrics like cotton and wool because they're very soft and easy to look after. I prefer clothes in plain colours to patterns like polka dots or paisley. When I want to look more stylish, I wear this outfit with a wide-brimmed hat and a shoulder bag. At work, I dress quite formally. I tend to wear a suit with a striped blouse and a cashmere cardigan. But in traditional settings, I like to wear a thobe. The material and pattern of the thobe can vary greatly. For instance, it might be made of cotton ,silk or nylon, and it might have an embroidered design or it might be plain. Some women might wear them with accessories like a brightly coloured scarf or a matching handbag. My favourite thobe is black and red, paired with a plain black headscarf. I have short dark-brown hair and a beard and I usually dress casually. I think my clothes match my appearance. My favourite piece of clothing is my black leather jacket and I choose my other clothes to go with that. For my daily college routine, I often wear dark-blue jeans with a classic belt.
