Title: My Daily Routine

Hello everyone!

I'd like to share my daily routine with you. My day starts early at 6 AM. After getting ready, I have breakfast and review my lessons. School begins at 8 AM, and I enjoy using the smartboard in our classes.

After school, I spend some time on homework and often use my tablet for research. In the evening, I like to relax by listening to Holy Qur'an or chatting with friends online. Before bed, I read a book to help me sleep better.

That's a typical day for me! What does your daily routine look like?

Thanks for reading!

Subject: My Daily Digital Routine

Hi Ahmed,

I hope you're doing well! I wanted to share with you how I use technology every day. In the morning, I check news on my tablet and sometimes watch educational videos. At school, we use the smartboard in most lessons, which makes learning more fun. After school, I usually go online to search for information for my homework. I also practice English using language apps. In the evening, I often video call my friends or play online games. But I always try to balance screen time with reading or outdoor activities.

What about you? How do you use technology daily?

Write back soon!

Best wishes,
