Question 1

Reading Comprehension

What makes your HOUSE A HOME?

The words 'home' and 'house' don't mean the same in English. A home is a place where someone lives and feels comfortable, which could be a house, a flat or even a boat! But a house is always a building. A modern house in towns and cities is a building with four walls and a roof above it, usually in a street with lots of other houses around it. In most houses there are rooms for different activities. So people can eat in the kitchen, sleep in the bedrooms, wash in the bathroom and relax in the living room.

My favourite room is my bedroom. It has all my stuff in it and I love it. My dad loves reading in the comfortable armchair in the living room. My younger brother spends a lot of time in the big garden – he loves playing there with his friends! My older sister is away at university, so her bedroom is the room for ironing. And my mum can cook really well, so she's usually in the kitchen.
