UNUSUAL UNIVERSITY STUDIES

When school finishes, most students continue their studies at university. Here are some university degrees that are a little different than the usual ones!

➤ **Baking Science and Technology, London, UK**

Baking bread and cakes might seem like a simple, fun activity, but if you want to become an expert, then there's a degree for you. London offers a university course on Baking Science and Technology, where students study the chemistry of each ingredient and how it affects products in special laboratories. Students also get a chance to take part in projects and famous bakers from around the world visit to talk to students.

➤ **Themed Experience, Orlando, USA** The city of Orlando in Florida has more than twelve theme parks full of roller coasters and water parks. Where would it be better to study Themed Experience than here? With this degree, you will become an expert in designing and organising theme parks, zoos, virtual worlds, aquariums, etc. That's a job that anyone would pay to do!
